MESSAGE FROM THE CHAIRMAN OF THE PAOF BOARD

Pan-American - Ambassador of Ophthalmology of the Americas

Dear Colleagues,

The Pan-American Association of Ophthalmology (PAAO) is our legacy from previous generations of dedicated colleagues ophthalmologists since its foundation in 1939.

As an ambassador of ophthalmology of the Americas, the Pan-American provides a venue for us to express our voice and connects us to ophthalmology worldwide. The Pan-American offers services to ophthalmologists colleagues and provides opportunities to expand professional networking.

We are very excited about the 33rd Pan-American Congress of Ophthalmology which will be held on August 9-12, 2017 in Lima, Peru. This meeting will feature the top ophthalmologists of the Americas to bring us updated knowledge to the latest scientific information and access to technological innovations.

The Pan-American Ophthalmological Foundation (PAOF) supports PAAO’s mission for development of educational activities, scientific research, prevention of blindness and visual rehabilitation. I invite you to be part of our plans, stories and achievements.

We invite you to become an active member of the Pan-American Association of Ophthalmology (www.paao.org). Help us strengthen the Pan-American. With a donation of USD $ 1,000 (one thousand dollars), you automatically become a member of the Pan-American Circle of Vision, receiving all the benefits, such as Special Name Recognition on the Circle of Vision “Donor Wall” featured on the Pan-American’s portal at www.paao.org; Guest Invitation to PAOF’s Annual Circle of Vision Member Recognition Luncheon; Acknowledgment in the final annual issue of Vision Pan-America, The Pan-American Journal of Ophthalmology and in PAAO’s monthly E-newsletter, eVision; Invitations to special events during PAAO Congresses; and a Circle of Vision lapel pin.

Join the Pan-American and help us achieve more for ophthalmology! Our greatest goal is to add opportunities for scholarships available for young ophthalmologists. We also endorse innovative educational and social projects that will impact positively the quality of life for the population through blindness prevention and visual rehabilitation.
XXXIII CONGRESO PANAMERICANO DE OFTALMOLOGÍA
LIMA PERÚ, AGOSTO 2017

9 al 12 Agosto 2017
Centro de Convenciones de Lima
