What is a

CHAMPION?

As an Olympic skier, I'm courageous for two minutes at a time. My friend Linda is courageous every day of her life. She is a true champion.

Linda has Huntington's. It is a cruel, hereditary brain disease that causes physical and mental deterioration, and eventual death.

Although there is no cure, there is hope. Research has never been more promising. We've found the gene that causes Huntington's. Now, we're working on a treatment and hopefully, a cure.

Please support these champions and help us fight Huntington's disease.
