

MONROE LAWRENCE / Downstream

The day's augmenting. Think of it as a shove
Which the day's augmenting. Think of it as a shove
Eyes recollect unseen. Seen,
The incident grays onto its endorsement

Which the day's augmenting. Think of it as a shove
You can't file, no explanation
The incident grays on. To its endorsement,
The one state the one surmises

You can't file, no explanation
Made me too uptight.
The one state the one surmises
For a little while, a fluctuation

Made me too uptight—
Regretting amid a midnight wine.
For a little while, a fluctuation
I spurned became components to who I was,

Regretting amid a midnight. Wine
Meant worsened artefacts he preserved and which
I spurned became components. To who I was—
I stumble. Stumbling, the day's augmenting

Meant worsened art: facts he preserved and which
The day's augmenting. Think of it as a shove—
I stumble—stumbling, the day's augmenting
Seen eyes recollect unseen.
