

Margaret Christakos / from THE HOITY TOITY SUPPLEMENTS, or, ONE VERY INTERESTING EXAMPLE

Sherry-Mary's Phonic Lichen

For example for a good of it for fuck's sake for a quartet of pheromones
Here is a reasonable example you were asking for, albeit politely
I don't have to grind my teeth to hear into a future body of turtles
Crow loud if you will decide on sleeping; let me into uno secret

Mothers always have a resistance to magnifying sutures
For a while now I've considered you defunct and rigid, like camel saddle
A way wind spews itself without any indication of need
Hold me restive kneecap: do what it is you really want

At a back of a house is a bucket filled with sawdust Sniff it
Slowly, don't check into a sewer, promise Take your degree in Biz Admin
Crumple its shins Grunt as you release a defecant Torso small
Ankles chubbed out like salami I hate you for your slick pedicure

Don Valley is a good name if you live in an area, or, if not, you're
Nostalgic for an arena Why not keep your better clothes in a mothproof bag
Buy a bruised fruit, a fig, Asian pear, pomegranate Stiffen
Up, cling to yourself all through a loneliest dead-of-night crests you.

For me this is a very interesting example for another opinion press star
Gild lilacs in a most casual charade Don't pack too much in one pouch
Do what you do when for example you try to do some particular thing
Don't get vague on me for fuck's sake regard me with a glint of tin

Simper like a bunny Radiant mechanic likes to fix things silver, squid
Black Strafe roads vivid, get me? Let in a driver's seat Hold my coffee
In two hands as if you had a third Resemblances to rose bushes lose squeaker
Payoff I wanted to see not a top of your head but into deep into your skull

Four catches tongues in an embarrassing psychopatent I was real original
And proud of a fact of how real this accomplishment can be when I am half
Awake In her head, I am telling you this again about her skull's inside, carmine
Compartment shivered with extra spaciousness and I closed a little latch

A Rouge we are not so sure of how to get close to, but all trees awfully
Fresh Gurgle over pebbles Stream chill For a best result keep stern
For heaven will always palpate like blood, it's just an idea of its best version
Of frank self, what a self looks like inside its very reddened cap crown on.
