# The Canadian Forum

## We publish opinions we know you'd never subscribe to.

The topics discussed in Canadian Forum centre on notoriously sensitive areas. Like politics, philosophy and the arts.

Undaunted, our contributors have a tendency to be fearless. And, what's more, we encourage them.

So it is sometimes inevitable that opinions are published that you may oppose. Even abhor.

The purpose of Canadian Forum is to conduct a stimulating interchange of free thought and opinion.

Therefore our only criteria for publication is the quality of the communication. Not its ideology.

The Canadian Forum.

A forum of opinion.

Help make it work.
