The Board would like to thank the reviewers of the papers accepted for publication in this volume. Without their assistance the peer-review process could not have been carried out.

We would also like to thank Professors Marjorie Downie and Ivy Higgins for copy-editing the articles: their professional assistance was much appreciated by the Editors and the authors alike. We are grateful to Mr. Raynold Cartwright from the Law Library for ensuring that legal materials were cited correctly.

Sincere thanks are owed to Miss Clarice Forbes and Miss Geanti Lightbourne from the Hilda Bowen Library for preparing the back volumes of *College Forum* and *The College of The Bahamas Research Journal* for scanning and quality control of the scanned documents.

We are thankful also for the assistance of Mr. Rudyard Burton, Ms. Italya Russell and Mrs. Vernice Williams of Management Information Systems for their technical expertise, loading the OJS software and maintaining the Journal's server.

Finally, we wish to thank Dr. Linda Davis for her support and encouragement this past year as we worked to convert the journal into an open-access, on-line publication and publish the first on-line volume.
