This volume came about from a conference held at Simon Fraser University in 2010. The conference had the privilege to be supported by Dr. Ted McWhinney, whose commitment to Hellenic Studies and International Studies at Simon Fraser University is a source of inspiration. In addition, the organizers are grateful to for the support of School of International Studies, the Stavros Niarchos Foundation, and the Department of History at SFU. We are particularly grateful to Julian Brooks for his diligence and hard work that has made his publication possible. Finally, we would like to extend our gratitude to the participants and contributors whose work has made for an exciting and timely collection of papers, and we thank them for their patience.
