

AIR INDIA FLIGHT 182

The Making of a Canadian Tragedy

ROUND TABLE DISCUSSION: The *Commission of Inquiry into the Investigation of the Bombing of Air India Flight 182* was initiated in 2006 and its final report was released in 2010. Since the release of this report, there has been little public dialogue to examine the effects and the process of the inquiry. This public forum brings together surviving family members, scholars, journalists and community representatives to discuss the *Air India Flight 182: A Canadian Tragedy* report. The panel will discuss whether justice was served through the inquiry process; the impact of the inquiry on the larger South Asian Canadian community; and its impact on anti-terrorism policy and securitization in contemporary Canadian society.
